Hi Rick-

We have completed work on the samples from project Pavillion Groundwater, Task # 23993 and attached is an excel file and pdf with the data. I hope to have the QC reports for this project , and all the previous projects, to you by next week. If you have any questions, please let me know.

We will hold the samples until 07/08/2012 in case you would want any additional analyses carried out, and will then dispose of the remaining sample material. If you need us to hold the samples longer, please contact us.

Thank you,

Christy Legner
